PROFILE

As a novice Front-End Developer, I am excited to contribute my skills and enthusiasm to your team. Using my fresh mind, and eagerness to learn and grow, I can make a positive impact on the company's projects. I am committed to leveraging my foundational knowledge of Front-End technologies to help drive innovation, and enhance the user experience.

EDUCATION AND TRAINING

Lynbrook High School

San Jose

Aug 2021 — Present

Front-End Development

Using this course, I was able to learn the following abilities in-depth and with a professional understanding.

- Principles of Front-End Development
- Programming with JavaScript | Advanced React
- HTML and CSS in Depth | Principles of UX/UI Design

These complimentary courses up my level to do mobile development.

- Principles of Mobile Development
- React Native
- Working with Data

SKILLS

Main

- Team-working: Taking Initiative, Communication, Reliability
- Responsibility: Time Management, Meeting Deadlines, Consistency
- Work-Ethic: Critical Thinking, Inquisitive, Persistent, Proactive
- Creativity: Idea Generation, Innovative, Adaptability

Other

Some other skills include clay works, woodworking, writing, archery, and ukulele. Most of said skills translate directly to my creativity, but of course I also enjoy trying new things and have an easy time picking up anything I don't have a grasp on yet.

PROJECTS

Restaurant Website

This project was a simple website for a fabricated Restaurant that has a menu, reservation, and about page, with a simple rendition in Figma.

Personal Website

A representation of who I am, planned, designed, and coded by me. Simply a biography of who I am and most of my capabilities.
